Sandy,

I am writing this at work and I don't remember exactly what you wanted us to say in our little essay. But here goes. If you have any comments or questions, e-mail me. And thanks again for doing such a great job on the reunion. It was great. My marriage to 4th wife Carol has lasted 12 years, longer than the other 3 put together. We've lived on the Grand River in Lansing all those 12 years. She has 4 kids, I have 2. My son Tom is in Kansas City, delivering pizza and working at the local Church of Scientology. Daughter Amy is in Boulder, CO, working as a trainer for a company that maintains 911 databases. I am a system analyst/procedure writer for Municipal Employees Retirement System. We administer the pension program for City of South Haven and about 500 other local governments in Michigan. When I retire in a little over a year, I plan to do some writing on how to solve all the nation's problems - taxes, the election system, etc.

Carol is an accounting technician at Haslett Schools.

We like to canoe and do other stuff outdoors. Oh, and I still run. I go about 4 miles 2 or 3 mornings each week. I plan to live to 100.

Marcia (Joslyn Sill, another high school classmate),

Thanks for the picture! Regardless of how it looks, wife Carol is NOT pregnant.

We both enjoyed the reunion too. What a great band - too bad we were too busy talking to pay attention. And breakfast was fun, with Jim Patulski doing the cooking. I hadn't known he was a chef.

It was good to see you after all this time.

Steve
