Thanks, Cindy.

When is Megan coming?

The wedding of Dawn, Carol's youngest, is this weekend in Grand Rapids, so that is about all we will be doing the next few days.

MERS moved into its new office building a month ago, but it wasn't finished and work is still going on. Our open house is next week. To decorate the walls, the director asked employees to bring in their personal photos of Michigan scenes. They picked out the better ones and had them enlarged and framed. About 15 of my old dune pictures will be included.
