Alan,

Thanks, but I have all the computer stuff I need for now. I have to learn how to use what I've got.

I took the day off. I've got about a week and a half of vacation time I've got to use up before the end of the year. Carol called in sick and went to see the doctor about pain in her back. She will have to go in for tests. We cooked up a bunch of squash we got at Horrocks and put it in the freezer. We've also been doing some reading up for Tuesday's election.
