Amy,

So, have you moved to Denver? What is your new mailing address?

We visited Grandma this weekend. She is doing fine in her new apartment. It is really nice. High, sloped ceiling with skylights, 2 bedrooms, 2 full baths, lots of storage. All white - she needs to get some pictures hung. She is on the third floor, overlooking Williams street and the river, but it is only one flight of stairs from the Quaker Street side. Enclosed garage. Megan lives with her.

Rich and Laura are remodeling the old homestead, getting ready to move in. They are making a bedroom for David (who is now 6'2", playing soccer and basketball) in the attic. They've torn out all the carpeting (they will re-carpet) and the tub/shower upstairs.

Love, Dad
