Dear Mom,

I hear you got a bunch of snow. We haven't had a bit since last week.

We visited Shirley and Nina yesterday. Had lunch in their lunch room and chatted. Nina seems to be pretty happy there. She just doesn't have any interest in going out except to a play now and then. She has 4 different volunteer jobs.

Next time we are in South Haven, I'd like to take the rest of your slides and scan them so you can view them on your computer. I'm still thinking of scanning slides as a business, and I need the practice. I am planning on retiring May 1 (if not sooner).

Is Missy still in the hospital?
