Deb,

No, I haven't been to South Haven since you were there. The portrait looks good. I've told Ma I want to scan the rest of her slide collection. She is able to look at the ones I did a year ago both on her new PC and on her TV. Megan says she has cable internet!

We did get luggage for her for Christmas. Two small pieces. She was pleased. She says she plans to use them this spring.

I'm planning on retiring May 1 - or sooner.

Steve
