Hi Mom,

Did you hear that Carol and I are going to Hawaii in May? We are flying from Grand Rapids on May 4 and we return on the 18th. We will be staying in Maui. Carol's son-in-law is a pilot, and his airline was offering a 25% discount. We've got the flight, hotel and rental car booked. Now I am reading up on Maui.

I am retiring May 1, but I may work for MERS half time on contract after we get back from Hawaii.

Amy called last night. She finally accepted an offer on her condo in Boulder. She is selling it for \$50-60 thousand more than she paid for it, but the condo in Denver she is looking at will cost \$190,000. She has no health insurance. She says she can get it for a little over \$300 a month, but apparently it is not a high priority. She works in Denver and drives to Denver at least once on the weekend to go to nightclubs. Doesn't get much sleep on the weekends.

Love, Steve
