

8/8/04

Kelli and Tom,

We are doing well. I am working 20 hours a week, which is pretty easy. We've finished a landscaping project in the back yard. We have had so much rain here this summer that the yard looks great. I had seeded a pretty rough looking lawn just before we went to Hawaii in May, and when we got back, I had a beautiful green lawn. Now I am sanding the deck.

We took a couple canoe trips this weekend. One from our back yard to a few miles down river. Another from downtown to our back yard. We also attended a JazzFest in Old Town, and old section of Lansing that is being spruced up. Next week is the Great Lakes Folk Festival in East Lansing.

So do you have 2 kids with you now, Witni and Tyler?
Kelli, did you start your new job?

Steve
