

9/13/04

Helen,

Haven't heard from Shirley. I don't know how long she planned to stay in Washington. I know she has stories about financial irregularities.

I didn't hear about the small "th" story. What was the issue?

I do have lots of projects to finish. I am sanding my deck and putting wood preservative on the deck and a fence. Seems like I'm running all the time to keep up. And I just volunteered to collect signatures for the drive to ban dove hunting. And I am doing a lot of house work now that Carol is back working at Haslett schools.

This weekend we went up north again. We picked 28 pounds of blueberries in Ludington on Saturday and on Sunday we took a 3-hour canoe trip on the Manistee River. It was beautiful.

Steve
