Laura,

I'm a little worried about the weather. I remember freezing my butt in Tucson in April a few years ago. But we will be down in the canyons, so that should help. I should have picked a summer trip. The days will be short, which means we'll have to spend a lot of time around the campfire at night. The fall colors should be nice.

I'm still collecting equipment. I need hiking boots. I got a rain jacket from eBay, but I still have to buy rain pants. I may share the rental car from Salt Lake City to Boulder (Utah) with a woman who is doing the trip.

What is your trip to Denver? That is where Amy is, you know. Her email is camunda@comcast.net and her phone is 720-732-3820.
