Hi Ted,

I do remember Harriet. You don't have her last name just right. I think it was Swindon. She was pretty sharp. Do you know where she is now? I think she left because she wasn't getting the support she wanted from then-director Gordon ? - can't remember his name. Getting old.

Shirley's email is scroel13@excite.com. Keep in mind, however, that she doesn't have email access at home. She uses a computer at the library, and I don't know how often. She called me last night to report that a top administrator at MERS, Kathy House, retired abruptly, after a shouting match with Anne. We will see if we can get her to come to our next get-together.

My other website is [www.stevharryssite.com](http://www.stevharryssite.com).

Do you mind if I forward your 11/7/06 email to Lois Withers and Shirley? I think they would be interested in your experiences with Anne when she was in charge of Investments.

Steve
