

December 4, 2006

Laura,

Thanks for the corrections. I moved them to the proper family.

I got an email from Anne. She liked the pictures.

I didn't put wedding pictures or Mom and Dad's trip pictures on the website, but they are on her computer. The pictures really look good on Mom's computer. I like her monitor.

I am thinking seriously of going on another Utah canyon trip next year, but I want to go in spring or summer so its not so cold. Of course, it would have been warmer in October if we'd been able to camp down in the canyon. I'll do some research on their website ([www.ecohike.com](http://www.ecohike.com)) and let you know which trip I'd like to take.

Steve
