

December 4, 2006

Cindy,

I did set up a Yahoo account for Mom, but I still have to do some work on it. And I plan to write her a letter with instructions on how to use it.

We did go to South Haven for the purpose of Laura's party. I took some video of it.

We had Thanksgiving at our house with Carol's parents and her brother and sister and their spouses. None of her kids and grandkids, so not so crowded and hectic.

I just got an email from Anne (Cole) Barsum. Laura had told her about the family pictures on my website. She enjoyed them. The pictures look really good on Mom's computer (on her hard drive, not my website). She must have a better monitor than I do. There are more pictures on her hard drive than on my website. I didn't put wedding pictures or pictures of Mom and Dad's many trips on my website.

Steve
