Tom and Amy,

I think I'm beginning to see that the creators of CSI Miami are putting us on. It is "camp". I didn't see Monday's show, but Carol tells me that the story was that identical triplets conspired to murder the husband of one of them. The husband wasn't aware that his wife was one of triplets, so one of them pretended to be the wife, providing an alibi while the real wife killed him - or who she thought was him. However, he was a cautious man who had gone to the trouble of hiring his own double - just in case someone tried to murder him...

And then there was the grizzly bear attack in the Everglades a few episodes ago.

Another fan has put together a series of David Caruso one-liners: http://www.youtube.com/watch?v=_sarYH0z948

And here is Jim Carrey doing David Caruso:
