Laura,

We finally rented "10". Walter was the gay boyfriend of Dudley Moore's writing partner. I couldn't get a very good look at his face on the small screen, just enough to know that it could have been him. The movie was released in 1979, 28 years ago, so I'm sure Walter looks quite a different from what he did back then. In the movie, he never had anything on other than a swim suit, and he had a terrific body. Walter still looks pretty good for a 65 year old. I wonder if he is gay? He isn't married, is he?

We also rented Larry the Cable Guy's "Git-R-Done". Carol doesn't think she likes bathroom humor, but we both laughed a lot. Watched most of it a second time.
