Tom and Amy,

Grandma Harry moved to a retirement home in Grand Rapids last week. Not that she needs to - she was feeling fine, still driving - but I guess she thought it was time. Maybe she was a little lonely living alone. Here is her phone number and address:

I ran a half marathon today and it went really well, even though I hadn't trained as much as I should have. I was 5th of 11 men in the 65-69 age group.
