

January 2, 2008

Ted,

If you know taxes, I may be calling on you for information. Is the rationale for subtracting capital gains attributable to other states that those gains are taxed by the other state? Do you know?

I don't need signatures. A state rep candidate can get on the ballot by paying \$100 in lieu of collecting signatures. I paid the \$100.

But thanks for the offer of help. I will keep in touch.

Steve
