Barb [Holser Birkett, high school classmate],

Maybe you can help me understand your position on abortion. Is it a religious stance or a non-religious moral stance? If religious, is it Christian? And if it is Christian, do you know what Jesus said about it in the Bible? I know that a lot of Christians oppose abortion, but I don't know if the basis of the objection comes from the Bible. If not the Bible, where does it come from?
