So good to hear from you, Ruta! What are the first names of your sisters (third and fourth in top row)? And what is your brother's first name? I will correct the captions. Did we call Vizbulite "Vis"?

If I remember correctly, it was you who tattled on us boys for having wrestling matches in Jim Marshall's yard on the way home from school, and I think you got picked on by my big brother Walter as a result.

Steve
