To John Schneider of the Lansing State Journal:

What? We're not supposed to use our Bridge cards for lottery tickets? The Lottery spends \$17.6 million a year (http://www.michigan.gov/documents/lottery/BSL-L-CAFR2008_260107_7.pdf) encouraging us to play. We are led to believe it is a good thing. After all, the money goes to the School Aid Fund. Maybe the commercials should specify who should and who should not play.
