Dear Tom,

You must have stories to tell about your Caribbean trip. Was it fun? Scary?

Thanks for the video - the thought anyway. I don't think it is funny. You can be annoying and mean and still be funny, but Tom Eren is not funny. If you want the video, I'll send it back. Otherwise, I'm going to trash it.

I just started a book called "L. Ron Hubbard: Messiah or Madman". I haven't got far, but it makes the Scientologists sound like a real dangerous bunch. I think its time you wised up & got out.

Love - Dad
