

HONORING . . .

... Dorothy Fleming, Steve Harry, and Marilee Conklin, SHHS seniors, who recently received word that they have been awarded scholarships at Michigan State University.

Dorothy and Steve were awarded Distinguished Alumni Scholarships as a result of a test which they took at Michigan State on March 10. The three-hour exam covered such areas as fine arts, mathematics, science, English comprehension, and social science.

The two students qualified to take the exam by ranking in the top five per cent of their graduating class as well as having received high scores on several other nation-wide tests such as the National Merit Scholarship Qualifying Test. The test was given at MSU to two groups of about 400 students each as well as being given at other high schools around the nation.

Marilee received a Trustees Scholarship plus a job opportunity as a result of an application which she made to MSU. RW
