

March First

My Dear Folks,

Time grows apace and so does my correspondence. This Spring weather we've had in February has had its effect on me and I've been in an orgy of house cleaning. Needed new curtains in two rooms and of course had to wash wood-work etc. to do them justice.

Mother, I'm sorry as the devil about your tulips

but I've asked Ash time  
and <sup>time</sup> again about them and  
he just doesn't remember. So  
busy and has lots on his mind  
I know so there we are.

Have had several cards from  
the A. B.'s and guess they've  
really had a grand time. Hermine  
and her mother have just re-  
turned from their trip to the  
West Indies and brought me a  
lovely set of Linens. My sister  
is in California again this  
year with her "In laws". Stayed

a week with our brother  
in Yuma Arizona, and know  
they had loads of fun together  
being nearer the same age than  
any of us. So what with  
the lovely weather we've had  
here and the cards and letters  
received from the different  
travelers have spent an  
interesting winter.

Ask and I both have felt  
fine, nary a cold between us.  
don't know if he mentioned it  
when we were home, but he'd

had some trouble with his eyes  
and feet he needed glasses. So  
had his eyes examined and re-  
examined to find that it was  
only a slight irritation of the  
lids which a salve cleared up.  
You can imagine how pleased  
we were.

He's as happy as a lark  
now the strike's settled so he  
can really dig in and work  
to some purpose again. Hope  
you're all well and happy and  
give our love to each and every  
one.  
Best
