Dear Shirley -

you know how it is with old folks. Main topic deaths & sickness. I just fixed a card for Lynn Fleming. He just had 4 by-passes. Last year they found most of his family had very high cholesterol ^(SF) I can't find it in the dictionary.

We received Marti's announcement yesterday. I didn't realize they were only a year apart. How graduates we hope. He seems to be going just 1/2 days this semester.

Olva & Lois had good results looking up Wheter genealogy some place in Ohio. I called her about C. B.

This has been ~~such~~ another busy week. Today nothing. I had a board meeting Wed nite so have

the house in pretty good shape.

Laura stayed home today - she usually works M.W. & F. The ~~the~~ baby has an ear infection.

Yesterday we served the Allegan Co. retired teachers a luncheon - about 100 people. After I got home, Laura went to take Pete a lunch and found him stuck - he had gotten out of the tractor & was lying on the ground. He was 5 min from the emergency room when they got him here - We brought him around in $\frac{1}{2}$ hour but his body took longer.

We plan on going Rimbeck N.Y. sometime in June. Irene is staying there all month as Susie's school doesn't get out as soon as her boys. Susie says there is a lot to do around there.

We thought your party a great

Success.

I'm watering roses. We need
rain very much.

Love

E

Pete & I went to see The Last
Emperor last night. It was
good but one needs to know
something about Chinese history
to really appreciate it.
