Dear Shirley,

You wrote of no exciting plans for the evening. That has been the story of my life since Christmas. We didn't watch the Super Bowl and didn't want to watch The Snell Seekers again. They really spoiled the book with the play. The best I have read lately is Being Red by Fast. Makes you ashamed of our government and its people. I read Kuwait, My Year in Viet Nam or maybe it was in Siagon. Even got desperate enough to read Tale of Two Cities. Nina wrote of a couple of books on women's issues but neither in our library. I really don't care about those kinds of books.

We went to see the Play The Odd Couple the women's version.

The only thing like the other is one is a slob and the other very neat. It was good.

We got a thank you note from Chris and Carolyn addressed to Mr. and Mrs Harry, on the inside. It is time they came to MI.

Glad Faye is busy. Sometimes no news is good news. Too busy to call. The baby is due in about two weeks. Wish Ernie would come out with a date for Washingtrip. We might go some place. Should spend a few days with Nina and Bill. Suppose I shouldn't be reluctant to start out. For quite a while he couldn't drive but doesn't seem to have any trouble now.

Hoods got home from FL last nite. I'm having them and Sills to a boiled dinner supper tonite. Maybe if I would entertain more I wouldn't be so bored.

I'd better get the table set. Our church doesn't get any better.

We are finally having a bd meeting in about 10 days. Six weeks into the new year and nothing planned. My activities are starting up. Clyde says we should take some food and call on Esther some Sun. nite to see if she would faint. She leaves for 4 wks in FL.
