Hi —

I just ran on to this in my calendar book. I thought I had marked it with the other letter.

Rita called one day & said a cottage in their complex was going to be empty Feb + mar. We couldn't leave until after the baby — Richard + Mary are going to be gone for 2 wks soon. The baby is due this week. If it doesn't come the dr. is going to induce labor next week.

I called Ernie when we were considering going to FL. He said the trip to Washington will start sometime the 1st week in April.

When I confronted Pete he said "if you really want to go!" He didn't care to.

Things have started up here. I had 4 things yesterday. Early I had to help with Colesterol testing at the hospital.

Did you watch the J Edgar Hoover story last mto? Fast brings it out in Living Red.

I've made some aprons for the Hays Box
bazaar before Easter. I buy material on
and sale + make them quickly, I tell them
to sell them.

Last nit HAUW had a trip thro the
new school. It is great. Did want us
to come to TN as Jerry is going to Dominica,
near Granada, on a church work trip.
Will be gone about 2 wks in march.

Jennie is leaving Compton + going to
work at the bank.

June O. has been at Mayo's. I guess she
has what Elva had she had treatment but
was getting worse. I tried to call Nina Pittenbender
to see if she got home but no answer.

Esther has gone to FL. she will be gone
for a month. I feel we should go to TX
but will see after the baby comes. The
kids got bunk beds for the kids. Jane's vocabulary
still amazes me. she has the words for anything
she wants to say without groping. Still wears
diapers.

I got a letter from Meg. She is on top of
the world. She said "tell my folks Hi!"
if you see them.

Love
E
