

Feb. 18, 1989

Dear Shirley,

Nina's letter says Faye is coming down by herself during Spring break. The question is when is Spring Break? Is it the last week of March? We would not want to go at the same time. We could go a week later.

I went to the travel agency here and asked a few questions. It is 20\$ cheaper to fly from Grand Rapids than Kalamazoo. I think she said the cost was 256\$ There is no cost savings by buying early. But there might be seating advantages . She suggests getting flight arrangements a little over 3 weeks ahead. I like an aisle seat and as far forward as possible.

Sunny but cold out. It was below 20% when I got up this AM , and I didn't get up early

People ask how you got along after going home and I tell them "just Fine".

I will call Thelma tomorrow ,I think it was two weeks ago altho maybe one since I called her last. If it was two she should be taking him home unless something else has come up.

I haven't seen or heard from the Harry's for two weeks but Janis informs me they are still here as Eleanore brought her the yarn to make Pete an afghan She had told him she would do it. Esther called this morning and she remarked about the change in Pete. He had to go to the eye Doctor and found out that he had glaucoma and needed perscription increased also

I've called out there a couple times but no one was home.

The quoted cost is round trip to Austin. See what you can do and let me know I will send you a check, of course you dont need to finalize it until early March.

Thought you might enjoy the enclosed poem.

with love,

Elva
