Dear Shirley,

While I am sit, sit, sitting I am making lists of my belongings that I must dispose of and wondered if you would like the Jerusalem Bible you gave me? It is fine for looking up a passage that doesn't quite come across in other versions. Also it has several books not included in our common versions.

and I thought you might like to give Jim the Buck family dictionary (antique) that you gave me. If you come down while I am home there are several other books you might like to have, but you would need to choose.

I have run out of stationary and Lois went thru hers and found this card she thought would do.

Thinking of you and  
just a friendly hello  
to brighten your day

I've had quite a bit of mail  
3 letters from Trudie and 3 from  
Emma Jean. plus lots of card from  
Church people.

We went for a ride Wednesday  
after my appointment with the  
orthopedic doctor and I was  
surprised to see how colored up  
the foliage was. The thermometer  
has hovered around 60° for  
several days.

with love

Elva
