

Friday

Dear Shirley,

Eleanore says you have seen the orthopedic doctor and are going to have a ^{SP?} cat scan. Janis has had two or three. Guess I inherited more of Mother's good health.

Took the last antibiotic for my cold that wouldn't go away this morning. It is better but I'm not sure it is gone. I may just have a chronic sinus condition.

Thelma call she feels bad that she wasn't there when Ashley died. She says they should have called her sooner

She says he had eaten a better supper than usual the night before and she had felt quite relaxed about his condition. Then to get the hurry call and find him dead the next morning.

Harry's are busier than beavers.

Bob expects to be here the ~~3rd~~ 3rd. I won't be here. I'll be going East. He said he wanted to spend sometimes in Big Rapids.
