Dear Shirley, I know you are  
feeling hurt tho I can't altogether  
realize the importance of  
not being voted into the Senate.  
Does it often happen so and does  
one have another chance. Don't  
feel so badly about it things  
that seem so very important  
at the time so often seem  
so different in a short time.  
I thought how nice it would  
be to stop and see you when  
we came through Kal. Sun.  
night but it was about eleven  
o'clock and I knew we should  
not stop, we were not up very  
early Sun. morning and it  
was late when we started for  
Lausing arriving at three P.M.

services. They are a fine couple  
as near as I could get it the bill was just  
under \$200 and every thing was done that  
could possibly be  
A shower for Ruth Mail Shultz last  
night. Not a very big crowd but she  
got quite a few nice things. Such a  
stormy night. Has snowed all day but  
wind has gone down tonight. Want to  
go to club tomorrow. Your Dad had a  
good laugh over you saying your marks  
were not so good but you were having more  
fun. You might and back that sales list from

in  
wards. Dad thought I caught them to get

of course it was hard to get started from  
there. It had been over four years since  
Dad had been there. Pete and Ekanos went  
to see Irene. Brought her and her gentleman  
friend to the Puffs for an hour or so.  
It must have been eight before we  
got away from Lansing. On Battle Creek  
we spent quite a little time hunting  
the place where Louise lives and there  
she wasn't home. It was so late and  
I was getting tired. Felt quite tired  
Mon. but why good since. Have been  
doing quite a bit of work.  
Yes I was glad to get home. The longest  
I have ever been away from home.  
I wasn't homesick but just ready to  
come home. After I heard Dad had been  
sick I was glad I insisted on coming.  
He seems to be all right now.  
I enjoyed being with the kids. Getting  
acquainted with Ashley again and  
Pete is a fine, broadminded woman.  
Dr. Conover wouldn't take a thing for her
