Dear Shirley.

Just a line or two  
this morning. Just finished  
a short letter to Nina and  
making out an order for  
some stuff for Hall.

As it happened I was the one  
who casually remarked when  
we were talking of entertaining  
County Federation, that we  
would have to have some  
new curtains. Are also going  
to clean and wax floor and  
paint basement. Ar Trange  
is having a work meeting  
Tues. to do that. Yesterday  
at Club at Hall we turned  
shades, so they look like  
new. I think it will be  
real nice of us to have a

wedding there after they  
get it all fixed up. don't you.  
Went to a Rural Teachers  
club meeting with Miss Cook  
last night. A lecture by  
a man from North Western  
~~very fine.~~ Held in the large  
music room in new school  
building. A fine building  
we went through afterward.  
I don't like to be away on  
letter night. Then I have to  
hurry Friday morning,  
went Wednesday night to boys  
gym exhibit, and Grange  
after. Funny how this going  
makes you so tired when  
one enjoys it so much.  
Will be glad when this little  
winter is over. Hope you are  
all better by this time.  
Janis home three days

this week with cold.

By wed afternoon felt so good  
I couldn't keep her down longer.

She said, the other day  
that she would be glad  
when she was old enough  
to sleep late in morning  
and go over to tripp, just  
as soon as a meal was over.

Do you suppose that was  
any reflection on her older  
sisters.

You see Alice was only  
here one day, when she  
comes to stay we will surely  
be there.

You have just two weeks  
after this don't you.

Think I'll try to get quite  
a bit of stuff canned

and then try to take you back  
with a good load.
