Dear Shirley. Such a nice morning. Wish I had nothing to do inside. Have just been cleaning Bob's room. How sadly it needed it. Such a lot of trash it seem to me but I suppose precious to him. His blue sweater that Alice made him was stolen from school last week. Just made me sick the needed it so badly. I wish he could wear some of the handed down things. Will have to get him one right away. Are sending you some stuff tomorrow. Wish we had some cauliflower here.

Hope you like the soup. It
may need more salt after
being diluted. At any rate
it is filled with vitamins
as Mr Walsh says.

I am glad you are living
with Dot. I like her. To use
an old fashioned word
she is wholesome or the new
fashioned ~~to~~ way as Dad
would say "She is an all
around straight-shooter"
Isn't it to bad Paul Marr
couldn't pass the exams.
