Dear Shirley,

I expect you are back in harness again and glad to be there. I am looking for a letter this morning from some of you. I go to the hospital this afternoon and have the operation at ten tomorrow. I am in such good condition and for this type of goitre they say there is no reason why I should be in bed any longer before hand. By the time this reaches you it will be over. I suppose I will be quite uncomfortable for a few days but I guess I can stand that. I'll be so happy to have had it done. Now to prove to you that my wanting goitre removed is not just vanity, both Drs said it should come out. How much is just sales talk of course I don't know. They said this type and at my age might break down and become cancerous

So you see I don't have to justify my
myself. I do hope that it will turn out
all right. I have a great desire to live
a few years longer. I want to see
Janis well on her way. You see I
am really living eight lives beside
my own and as long as you are all
doing well it's a very happy life.
Bert has just been setting my hair
and I have showered and scrubbed
till I'm as clean as can be for me,
Ashby and Bert are and will do every
thing for me possible. I will leave this open
and Bert will finish tomorrow.

Don't worry. How ever-thing are will be
for the best. A letter from Elva. She
sounded like you were pretty well
provided for when you left. I probably
won't be writing to you for a few days.
Best love to you. Mom.

Dear Shirley,

Mother really is doing fine. Her health stood
her in good stead and she is getting the best of
care. Will have a nurse with her constantly for
a few days, mainly to keep her quiet and give
her something if very uncomfortable. Doctors say
her condition is perfect and nothing at all to worry about.
Love Bert
