Dear Shirley.

I find I didn't bring my address book and am not sure enough of Bob's to risk sending. So if you will take care of this and send right away as I would like them to get it as soon as possible.

This is a fine summer morning. am sitting in front of open door. If it is like this there I am sure you will have to take Mike to the country.

Dad had his operation and seemed not to be feeling too uncomfortable last night. Wasn't exactly pretty to look at. with his tuck out and nose swollen to about twice

is normal size. ~~That~~ That is some
size I can tell you.

He may come home today but
hardly expect it till tomorrow.
Claims he has not had much pain.
Two dr. evacuated him Mon. and
declared him in fine shape for
a man of his age. I tell him he
has no excuse for not doing a
good summer's work.

I am having a hard time. I
do manage to get up and move
quickly when Gabe says a meal
is ready. He will be home all this
week. We went to Charlie's Sun.
Will tell you all about that
when we get home.

I have some other letters to
write so I won't have it to do when
I get home. Grange business.

Love,
M. M. M.
