864 N. Summary

Monday.

Dear Folks.

most time for mailman
so I may to get this ready in time.
Have written to Texas folks and
Mrs Hills. will next mon night
and I was afraid I wouldn't
be in very good shape to have it.

Dad hopes Mike wont have
to have his nose operated on.

Such a nice morning hard
to keep my mind off house and
yard cleaning.

Just fed a roll to a squirrel that comes
up on the porch for food. He wouldn't
take it out of my hand as he does Alice's
Notices I and change sleep wishing
Mike could see them. Will take a big
roll and run up the tree with it.

as could be expected. Eat's three good
meals a day. As pretty weak and tired

sleeps a lot. Don't think he has had much hard pain or he couldn't sleep so much. Think Dr. must have worked up higher than with you girls as he complained of that being the only place it hurt when he operated and complains of eyes bothering him now. Doesn't read very much.

We went for a ride around town yesterday and I am going to try to get him to go for a short walk today. Not quite warm enough for him to sit out in sun.

Can't breathe through nose yet. Goes back to Dr. Wed. Perhaps he will clean it out so he can then. Don't allowed to blow it. I am going to see this Dr. about ringing in ears. Don't expect it will do any good but worth trying.

Now there I have beaten mail man
