

Dear Shurley. Friday morning.

Have already written two letters so yours must be short as I must get some work done. Well send Nines letter. You can write to her. I'll keep my hands off as I havint had anything to do with your finances so far. Another big day at Hall again yesterday. Club meeting and we cleaned the basement. Another day on floors and yard and it will be done. All ready for the wedding.

The house seemed empty Sun. afternoon after you left. Elva, canned five pts of some thing or other and took home meat and stuff for spanish sauce to can for you.

You forgot to take any meat didnt you. So much doing when there is so ^{many} ~~much~~ around I dont think

well.
