

Kittie, Mich
Tues, Night.

Dear Eb

Yes Bungor beat so. However but
it did not surprise me. I told the
kids all week that they were going
to get beat. Mr. Hervey expected he was
to be about 40-50 in their favor.
We play Nils there next Saturday.
Remember it was only a second team
game, that is for us. They haven't
chosen a foot ball captain yet. Chuck
King said they would choose one after
the Nils game. Escond I won't be
back for several weeks, we can't
spare the money yet. Will you look
a coats and get the average price. Polo
coats and the style of sport coat with
a belt, fitted, with three buttons
and double breasted. I've asked about
Ted I haven't seen so much of him
this week but last week he was over
several times, that is to my seat.
The seat I have this year is just in
back of the one I had last year.

Evelyn Robinson was supposed to
sit with me but she has gone to
Nazareth in Kalamazoo. So Loretta
gave the rest to ~~Charles~~ Esther.

Did I tell you I was a - had. teacher
I have the two Kindergarten in
Central Indiana and Hartsville

I am afraid we have a class
something like yours. We nominated
a nominating committee which
we thought would do what we wanted
but they have just the bid up
for officers, the same old bunch. I am
up for treasurer. All of us are up in
arms. Mr. Hervey is with us, he
says to do something about it if we
don't like it. So at class meeting
we are going to nominate someone from
the floor, especially for Pres. Mr.
Weringa is our advisor. I'll send
a note with Kay's which you will
get before you get this telling how it
comes out.

Charley Cox was over Fri. night
and wanted me to go to Dixie m. But
I told him I thought Bud was coming.

So he said call him up if Bud didn't
Come, well I didn't want to go anyway
and mother didn't want me to go
so I thought I wouldn't call him
at all. But he came over anyway,
only I didn't go. Now he wants a date
for next Sat. and I'm trying to figure
out an excuse. Es says he is it as
bad as he ever was any way. She has gone
with ~~him~~ and other girls. Jack and Es
are going strong. Bud came about 10:30
Sat. nite, went back Sun. about 4:00 so
we didn't have time to do much. He
wants me to come into the fair. Then
call him up so we can do something.
Had a lot of fun the nite we went to
Dixie Inn. Not any worse than any
other place as far as I could see. Cabaret
style. Es and I ate oceans of pretzel. The
boys Lefty Smith, Chel Carl, Jack, about,
bought us anything we wanted. Been
having a lot of fun with Lefty.
We have been having text culture.
I got thin Chem. Missed B out of 58.9 we
had Eng. sit that today and I sure was hard

We have two history tests this week
and one in Public Speaking. Mr. Schief
is sure good to me. He started in one
Tag and I about Kibbie today. But
he never gets me in class when I
answer a question he says it's
all right or (There's some truth in
that)! He never asks esch many things.
The other day he called on me and before
he had time to tell her the question,
he said "I don't know". He thought
he ~~was going to ask~~ ^{me about} the same thing
about what we had previously
discussed. He got C- on the Chem
test. He missed just 15 more than
I. Open house is the 10th of Oct.
and Teacher Institute 11th, 12th
I take roll for Schief a Mon. Wed. Fri.
and he takes it himself the other two
days. I sure was surprised because
I sit clear over in the corner. June
Morse sit right by the door.
They had the first dance at Kibbie
Fri. nite. I had a pretty good time.
I danced every one except one. Fritz and
Frank were there. John and Ray were
at the Trust Co. but later came over.

3
Clay was tight and he sure was funny
I laughed every minute I was around
him. You know how quiet he usually
is. Boy he was just the opposite.
John was perfectly sober.

Don't spread this well you cause
Bud told me and I don't think it
ought to be told all over. The two of us
we went back here in a ^{span} ^{you don't know what it means} ^{of a pedestrian}
feliasa man and he and him broke three
ribs and fractured his skull. Because
because of certain reasons the other
party couldnt do anything to Bud.
The man was about 58. He had Fred
and Marie with him.

Have morning in 2 1/2 hrs. Dad, Pat
and I pecked the ty. bushel of Jonathan
apples. In the P. M. they cut corn.
Mother is still washing and is
pretty tired so she didnt write. I must
quit and read my book report. Miss
Schneiderger said she would write you
sometimes. If Bud comes may be she
can come up some time. P. M. He is working
now so he doesnt get here until late

Lat note and has to go back Sun. PM
To Goodwyn's dog still keeping
her busy. Give my regards to the
Rascals. How does it happen
you weren't interested in the Allegan
gentleman. I suppose you would
like one from Chester Center.

Mom says she won't be able
to send everything you want but
will do her best. Alice sure sounds
proud of the exposure she. Poor
Cal is feeling so sorry for himself. He
thinks his sister-in-law is rich & him
so. He says he'll be glad when the season
for sister-in-law opens up. Lois is
so silly she giggles all the time. The other
nite she was sleeping between Clend &
I rolled over her where my head was
against hers and she giggled so I had to turn
over again.

So long sis

Shirley

P.S. you are responsible for a severe
case of curaters cramp.
