Dear Tom,

We've been using our Netflix subscription. We started with Angels in America (2 disks, 6 hours). Al Pacino was so good as Roy Cohn that I am now reading the book Citizen Cohn. He was quite a character. We've also seen Brokeback Mountain, Mrs. Henderson Presents, and Crash. In the queue are Young Frankenstein, Love at First Bite, Memoirs of a Geisha, and The Three Burials of Melquiades Estrada.

Thanks again.

Dad
