

June 4, 2007

Hi Lois,

No, I haven't heard from Shirley. The email address I have for her is scroel3@excite.com. And the phone number I have is 622-5628. Could she have moved to Florida already?

When are you leaving for Alaska? Are you driving or flying to Seattle to take the cruise?

I was thinking seriously of going to nursing school at LCC and was signed up for 2 courses this summer, but then backed out. Don't really need the money and don't have the time and energy to devote to school. And my real interest is politics.

I took another trip to the southern Utah canyonlands the first week of April, this time with my 50-year old sister. It was a good trip - nice weather, very remote. We found a natural bridge that no one knew about previously. There are pictures on my website (steveharryssite.com). Carol and I have done no traveling this summer. Her health is bad - no stamina, and she has balance problems. She will get the results of the latest battery of tests tomorrow.

Mostly I've been mowing the lawn.

Steve
