Here is a link to an article about a 7-mile race
Cassie ran in at the end of July:

<http://www.runningnetwork.com/news/bix07final.html>

Apparently it is a big race - runners from all over
the world. She was the only American woman who
finished in the top 10. If she wasn't a college
student, she would have won \$500.

I bet she'll be participating in the Olympics some
day.
