

November 23, 2007

Amy,

How are you? I wanted you to know what I got with the Amazon gift card you got me for my birthday. I got a set of CDs that teach you all about how to identify birds by their songs. Also a 1-year subscription to Wired magazine. Also a Pilates for Over 50 CD for Carol. And I think I've still got money left over.

What do you want for Christmas?

Dad
