Dear Commissioner Schafer,

I was looking for your campaign finance reports on the County Clerk's website and couldn't find any for 2008. I'm assuming that you filed no reports because you got a waiver, which means that you received and spent no more than \$1000. However, I also found on the Secretary of State's website that you received \$1000 from the UAW Michigan V-PAC on 7/14/2008. If that is the only contribution you received, you are under the limit for the waiver, but if you received as little as a dollar more - even if it was a loan from yourself - you are, as I understand it, required to report.

I am new at this and I may not correctly understand the Campaign Finance Act. Can you clarify this matter for me?

Steve Harry
