Dear Ike,

I spell Ike like you said you should but I still think I'm right. Say I guess you and Gene are getting pretty thick aren't you? Gonna lose my girl friend I guess. I'll just have to write to him to lay off or I'll put him on the spot. Everytime he writes to me he tells me how much he likes you. I'm mad I am. Course I want you to have a good time but I don't want you to throw rocks at me when I come home.

Now about this here coming home stuff before I forget. I don't know now if I'm coming Fri. Sat. or Sun. But whichever ever day I come will try & see you. I'm might come to Allegan & back here all the same day but otherwise will come one day & back the next. You see we're awfully busy right now with samples for the furniture show so I may can't get away for long. I am, I'm mad cause I want to see you so bad. But I'm sure going to too. So you can go down home & I'll come down there & see you.

Well I guess that settles that, but that's
the best I can tell you. Well I guess its good
night until either Fri. Sat or Sun. will tell you
more when I see you.

Lou
W.

P.S.

Be a good girl.
