Dear Eleanor:

Dear little girl or should I say woman? which do you prefer. Well it makes little difference, but I was just beginning to think that you had forgotten all about your old pal. I was just about to write and ask you if you had died or what had happened to you. Then Friday night after supper the mailman bring me a letter from the lost and missing. That about enough of that stuff now I guess I had better get to writing some sense. How is everything coming along anyhow. I take it that you are enjoying your work by the explanation you gave. Well I'm glad to hear that. Has the love bug still got a hold upon you? I haven't met the little creature around here as yet so he must still be with you. I haven't been doing a heck of a lot

of running around lately because of the work I have. The work is just about twice as hard as it was last term and that no bunk either. I've took in one or two dance and a number of shows this term but that don't cut much ice.

There sure was a crowd of farmers up here for farmers week. The Stephensons were up and came up to see us. Leona came up with Paul, to the room one night, just as another fellow and I were having our annual wrestling match. We were in semi-nude condition and did a little hustling to get some extra clothes on. I suppose they will have a lot to talk about for some time now.

What is Nina going to now? Send her my best wishes and tell her I hope she has all the luck in the world. She

Should have been up here and
doctored up my wrecked foot. I was
in the hospital for three and one-half
days a while back. I got knocked off the
top of the cabin while working and
bruised my heel up so that I could not
walk upon it. I am still limping a
little but its coming along alright. This
rather put a bug in my track work for
this winter. I guess it will just have to
be O.K. though. I sure wished you could
have seen the basketball game Saturday
night. It was between U. of M. and State.
Boy was it exciting though. The score was
tie nearly all the way through and the
fellows on the team were playing for all
they were worth. The final score
was 28 to 30 in favor of State.
After the game a bunch of us went

to Lansing and celebrated the Victory and
did we celebrate.

George Hill has started to school
up here this term. I see him over in
the gym every once in a while. We
have a quite a bunch of South Haven
kids going to school up here. Say am I
ever going to be able to write a letter without
making so damn many mistakes. Guess I have
to go to bed its after 11 o'clock. Gee we
never get to bed around this place until
11:30 or so. That don't leave one so much time
to get the much needed rest. Maybe I'll
see you Washington's birthday we get out and
I might possibly go home, but I am not sure
about it. Well anyhow don't forget to write
and keep a good disposition and that "lux
complexion"

Love:
Vernon
