To Mrs. Alice Gabriel

LOWELL N. HARRY
SOUTH HAVEN, MICHIGAN

June 11 1936
South Haven.

Dear Eleanor.

You didn't think the Deacon of the Church would get up in front of a Mass of people and sing hymns with an inch of whiskers on did you, if you did you are wrong. because I cut them so close it took half of the skin from my face. Say: you better be careful when you go in dark places with strange men and some that aint strange to. You know the lights might go out and that might not be so good. I am glad Alice keeps a watchful eye on you, not that you would do anything you shouldn't, but you know a person sorta watch what he or she does when ^{has} someone else has an eye on you.

You ought to see the New

steps and porch they are not in
on your School House, they look
like the steps to the Unknown
Soldiers Grave in Washington D.C.

Dad had something wrong with
one of his hind legs this morning,
and couldn't get out of bed until
Doc. Porter came out and gave him
a crock in the back region.
He has been hobbling around most of
the day but feels better to night.

I have been working up to Cornstons
all day spreading lime, their horses
are so near dead, they can hardly
get back and forth across the field.
I got about a half days work their
tomorrow and I will be through.
Orval came down and worked my
Caul ground so I have to take
back somehow.

about this time last Thursday we
were out to these Coal mines or
whatever you call them where the
Dredges were working. Is it warm

down there? I hope so. I wasn't any
to wear to day and had my jacket
on all day. Well I guess I will finish
this to-morrow night. you won't want
to bother reading to many letters in
one week anyway will you?
good night sweetheart

P.S. and everything that goes
with it.

Friday Night.

Well how is My Problem to-night?

Tonight is Tanner night you
know, and I suppose you know they
are having a baloon dance. everyone
has decided to have a fun dance
next week. You should be here.
I don't know wheather I will have
enough money to go or not. If
you were here to go with me I
wouldn't be afraid. I guess I will go
to-night then money I can

stood it for two more weeks.

I have got to play ball at the
Soldiers and Sailors Picnic
to-morrow morning so I can't stay to
long at the dance. When I get home
I will finish this letter and tell you
all about it. Say! Don't ever ask
anyone to go swimming for you
unless you know how the weather
is. It's colder than H E W L here
and I am not going swimming
in Lake Michigan for no one
not even you. But then I might
^{just} for you if you repaid me in some
good way. I think I will wait
and go with you when you come
home. Say! aren't you just a little
bit homesick? kinda like to get back
home soon wouldn't you?

I am going to run over to farm
now and I only have two cents in

LOWELL N. HARRY
SOUTH HAVEN, MICHIGAN

My pocket book, I guess I will have
to go get some pennies out of the
box that I have been saving for my
kids. Some paper, sniping the
kids money before I get the kids
kicks hard on the boys. Dec but
I wish you were here to night, I don't
care wheather I go to tomorrow or not
now. The more I think about you
not being there with me the sicker
I get. Last night I had a hell of
a dream about you, and I don't care
to have orather. I twisted the bed
in about minty different shapes.
I hope you never dream about me
like I did you, they are not good
for over consitution. Well here I
go to tomorrow all alone but thinking
of you.

9:10 Hello Honey
I just had to come out tell you

that I have lost my pocket book.
I went up stairs to get it or it's
gone, it's probably out in the field
some where. I had two cents in it,
my Drivers License and my
wife's and my fishing license, that
amounts to about two bucks. Now
I am mad so I will go over to
Farmon and get it out of me. Sorry.

11:15 Fri Mib.

— Eleanor —

Well I am back again, Had a good time
at Farmon but didn't wait to see the
balloons come down from the
ceiling. I met Mac Mcurdy
there with John T. and Albert O.
I think Mickey Steved Rinda
fell for him when he asked her to
dance. She tagged him around the rest
of the time I was there. He will probably
tell you I was with a red head but I
hope you know better than that.
J. Overhiser isn't married, he went with M. Steved.
to S. Bord to do some shopping. That's what he
said.
CLOSED With all My Love to You
