Subject Retirement - E. Harry -

Had to do this as one of my "old" note pads so it would look official! So Haven School is losing another of its old stalwarts - what is to become of the school system when all our "old timers" leave it to the "kids"? See that Chet Starba is retiring, too. And poor old Ade is finally banging up this hat!

Needless to say, I have

Appreciated your excellent
teaching - to me yours are
one of the best so. However
has ever had -

Sure hope you can
have as good and happy a
retirement as I have had -
You and Pete better get
down to play with us
again now that you
are free. Maybe we
will see you in August
when we are there (1 week) -
sure hope so -

My best to you & Pete
